IF YOUR PET IS SPRAYED BY A SKUNK

Wildlife Services - What to do if you or your pet get sprayed by a skunk

Homemade Skunk spray remedy

This remedy can be used on pets, humans and items that have been sprayed.

Ingredients:

- One quart 3% hydrogen peroxide
- ¼ cup baking soda
- 1 teaspoon liquid dish soap
- Rubber gloves

Mix ingredients. Wearing the rubber gloves, wet down your pet and message the mixture through the animal's fur for three to four minutes. Rinse.

Commercial Products:

- Nature's Miracle Skunk Odor Remover (available at the Pasadena Humane Society & SPCA store)
- Skunk-Off (available at most pet stores)
